

IEC Connectors

General Specifications

IEC Connector Type	C19
Gender	Female
Body Orientation	Straight
Switch Type	None
Illuminated Switch	No
Shuttered	No
Body Material	Nylon
Colour	Black
Applications	Desktop computers, Monitors, Older Laptop power supplies, Printers, Audio and Video equipment, Test equipment, Power supplies, Commercial appliances

IEC Connectors

Electrical Specifications

Current Rating	16A
Voltage Rating	250V
Termination Method	Screw
Number of Fuses	None
Re-wire able	Yes
Terminals Material	Copper Alloy, Tin Plated
Withstanding Voltage	2000VAC for 1 min
Insulation Resistance	1000M Ω min.
Contact Resistance	10m Ω max.

Mechanical Specifications

Mounting Type	Cable Mount
Panel Thickness	N/A

Operation Environment Specifications

Permissible Temp With/Without Load	-20°C to 85°C
Permissible Temp For Soldering	N/A

Approvals

Compliance/Certifications	CE, UL(C,US) ,VDE
